

# NIGHT LIGHT AND USB CHARGER

**Model: 68464**

## Operating instructions

### Directions for use

1. Plug into any 13A mains socket and switch on.

2. Turn the lens ring to choose your light setting - ON, OFF or AUTO

NB. The light settings are listed on the side of the night light, align the small arrowhead on the lens ring with your chosen setting

AUTO - the light will automatically illuminate in hours of darkness and turns off when daylight is detected (dusk to dawn)

3. Insert the cable of your device into the required port (USB-A or USB-C) to charge

NB. Multiple devices cannot be charged simultaneously using more than one port at a time.

### Specification

230V AC 50Hz

USB sockets | 5V DC | Max load: 2.4A

### Safety warning

This product is not a toy. Do not plug in an device where the load exceeds 2.4 Amp. If cleaning of the light is required, remove from the mains power and wipe light with a dry cloth. Do not immerse in water or any other liquid. Failure to follow these safety instructions could result in fire, electric shock, injury or damage to persons, product or property and will invalidate the guarantee.

### Guarantee

This product is guaranteed for one year from the date of purchase against faulty parts or workmanship. It does not cover physical damage to the unit. Proof of purchase required. This does not affect your statutory rights.
