Rechargeable Flood Light

Model: UNC68815

Operating Instructions

Directions for use

1. Press the red button on the back of the flood light to cycle through the three lighting modes - high power, low power, flashing, off
2. Battery level indicator (located by the power button). When the flood light is switched on, blue LEDs will illuminate to show the battery level:
4 LEDs = full battery
1 LED = low battery
1 LED flashing = charge the battery immediately

Charging other devices

1. Plug the USB "A" plug into the back of the flood light and the USB "C" into the device to be charged, following your devices operating instructions.
2. The blue LEDs will illuminate to indicate how much power there is in the flood light battery (4 LEDs full, 1 flashing low power)

How to remove/replace the battery

1. Unscrew the four screws located on the back of the flood light and separate the two parts of the casing.
2. Remove the 18650 3.7V 1200mAh Li-ion rechargeable battery by unclipping the battery connector.
3. Dispose of old batteries responsibly by taking them to the retailer the product was originally purchased from or your local household waste and recycling site.
4. The battery can be replaced with a 18650 3.7V 1200mAh rechargeable battery. Re-connect the battery connector and place the battery in the battery compartment. Refit the two parts of the casing and replace the four screws.

Batteries

This product is fitted with a 3.7V 1200mAh Li-ion rechargeable battery. It should be removed prior to disposal and can be replaced.

Safety warning

Keep out of reach of children. Only use the USB cable supplied. Do not leave unattended while charging. Disconnect when fully charged. Do not shine the light directly into eyes. Failure to follow these instructions could result in fire, electric shock, injury or damage to persons, product or property and will invalidate the guarantee.

Guarantee

This product is guaranteed for one year from the date of purchase against faulty parts or workmanship. It does not cover the battery or physical damage to the unit. Proof of purchase required. This does not affect your statutory rights.
